PROFESSIONAL SUMMARY:

Detail-oriented Python Developer with hands-on experience in building dynamic applications using Python frameworks such as Django and Flask. Proven ability to write scalable code, integrate user-facing elements, and improve system functionality. Adept at collaborating with cross-functional teams to deliver high-quality solutions that meet client requirements. Committed to continuous learning and development in the digital engineering field.

TECHNICAL SKILLS:

- Programming Language: Python,SQL.
- Frameworks: Django,Bootstrap,Flask.
- Database: MySQL.
- Front-end Technologies : HTML5,CSS3,JavaScript.
- Design Tool: Figma.
- Version Control: Git.

PROJECTS:

E-Commerce Site For Beauty Cosmetics|Python|Django

- Developed a comprehensive e-commerce platform enabling users to browse,filter and purchase products,significantly enhancing user experience.
- Implemented features such as user authentication,product management, and order processing.

Calorie Counter Web Application |Django|Bootstrap|Python

- Designed a user-friendly application that allows users to track caloric intake, utilizing an external API for nutritional data retrieval.
- Ensured responsive design for optimal functionality across devices.

Digital Seva Kendra Web Application|HTML5|CSS3|Bootstrap

- Created a web portal to facilitate government service applications, streamlining processes for users.
- Integrated various services including PAN Card and Aadhar Card applications for online submissions.

MusicMix Player|HTML5|CSS3|Javascripts

- Developed a responsive music player featuring an intuitive interface and seamless navigation for enhanced user engagement.
- The application features essential functionalities such as play or pause track with a single click.Seemless navigation allows user to skip to the next or previous song.

Web Portfolio| Bootstrap|Django

- Built a dynamic portfolio to showcase personal projects and skills, utilizing Django for clean and efficient development.
- Utilized Visual Code Studio to design this application.Django facilitates the development of application in clean and flexible manner.

To-Do Application | Flask|Bootstrap

- Developed a dynamic and user-friendly Todo application that allows users to efficiently manage their tasks.
- Created a task management application with features for task creation, editing, and completion tracking.

COURSE

_____

Master in Full Stack Web Development with AWS   **OCT-2024**
IT-Vedant Education Pvt.Ltd.

Education

_____

- **Bachelor's of Engineering**   **62.40%**
  University of Savitribai Phule

- **Diploma In Computer Engineering**   **71.87%**
  Maharashtra State Board

- **Secondary Education(10th)**   **80%**
  Maharashtra State Board

CERTIFICATION

_____

- IBM Certificate in Python.
- SQL(Structured Query Language) Certificate.
- Web Essential Certificate.
- Web Professional Certificate.
